

THE SPARE PARTS SPECIALIST

ENGINES AND ITALIAN SPARE PARTS... TO COMPLETE OUR RANGE!

Since 2014 we have supplied engines spare parts for various applications, from the marine to the industrial field, without compromising quality and product reliability.

We recently launched a new challenge in terms of services, new products researches and staff training.

These allow us to be the best alternative solution, to the original spares, for the marine diesel engine parts. Being an Italian based company we can satisfy your need of italian made parts quickly and efficiently.
